## Consumer Price List - February 1, 2011

Model	Features	MSRP
-------	----------	------

### Amplifiers

#### Suhr Brand Amplifiers

##### Hedgehog All-Tube Head

<b>Hedgehog 50w Head</b>	50w all-tube head, 6L6 power tubes, two channels - clean and overdrive 12AX7 preamp tubes, solid-state parallel/serial selectable effects loop Programmable voicing switches - Ideal for blues, fusion, classic rock, includes 3-button footswitch Warm, smooth and punchy overdrive and beautiful vintage clean in one package	TBA
	Optional 14-button footswitch for Hedgehog controls and presets	TBA

##### Badger All-Tube Heads and Combos

<b>Badger 18w Head</b>	18w cathode-biased head, EL84 power tubes, tube rectifier, 12AX7 preamp tubes, tube-buffered effects loop... Power Scaling for power tube saturation at low volume levels Classic late-60's early-70's British sound... Big sound in a small compact package... Gold panel, gold logo, & gold piping	\$1,750.00
<b>Badger 18w Combo</b>	1x12 combo version, closed back with single Celestion V30 speaker	\$2,100.00
<b>Badger 30w Head</b>	30w cathode-biased head, EL34 power tubes, solid state rectifier, 12AX7 preamp tubes, tube-buffered effects loop... Power Scaling for power tube saturation at low volume levels Classic late-60's early-70's British sound... Big sound in a small compact package... Gold panel, gold logo, & gold piping	\$1,995.00
<b>Badger 30w Combo</b>	1x12 combo version, closed back with single Celestion V30 speaker	\$2,345.00

##### Handwired All-Tube Heads (Limited Quantities - Available Direct from Suhr only)

<b>SH100</b>	Scott Henderson spec single-channel 100w all-tube head, handwired by John Suhr, EL34 power tubes with "Plexi" output transformer, 12AX7 preamp tubes, tube-buffered effects loop, classic late-60's and early-70's British sound, Tight, big, punchy, extremely responsive to the touch, great dynamics, loves pedals and nothing but TONE; just ask Scott!	\$3,200.00
<b>ML100</b>	Mike Landau spec single-channel 100w all-tube head, handwired by John Suhr, EL34 power tubes with "Plexi" output transformer, 12AX7 preamp tubes, tube-buffered effects loop, classic late-60's and early-70's British sound, Very similar to the SH100 but with more preamp gain and a tad spongier tactile response, great with pedals and sounds huge...	\$3,200.00
<b>SL68</b>	Late 60's UK-style single-channel 100w all-tube head, handwired by John Suhr, EL34 power tubes with "Plexi" output transformer, 12AX7 preamp tubes, no effects loop, classic late-60's British or early-80's hot-rodded sound, four inputs, non-master volume, great with pedals or everything cranked to 10! Like a great cranked vintage head but with modern reliability...	\$3,200.00
<b>SE100</b>	High-gain single-channel 100w all-tube head, handwired by John Suhr, EL34 power tubes with "Plexi" output transformer, 12AX7 preamp tubes, tube-buffered effects loop, hot-rodded late-80's & early 90's British sound, Very similar to the overdrive channel of the OD-100SE Plus but with that handwired vibe and feel... Super responsive to the touch and tone galore!	\$3,200.00
<b>PT100</b>	High-gain single-channel 100w all-tube head, handwired by John Suhr, EL34 power tubes with "Plexi" output transformer, 12AX7 preamp tubes, tube-buffered effects loop, hot-rodded late-80's & early 90's British sound, Very similar to the overdrive channel of the PT100 but with that handwired vibe and feel... Very punchy and aggressive with distinctive bark	\$3,200.00
